Espresso Martini

Ingredients

50ml Vodka

25ml Kahlua (any coffee flavoured liqueur)

1 Shot Espresso Coffee (about 25ml)

3 Coffee Beans

Method

Make 1 shot of espresso coffee (ideally let this chill)

Fill a cocktail shaker with ice

(TIP! - if you don't have a shaker a 'To-Go-Coffee Mug with a lid will do the trick nicely!)

Add Espresso, Vodka & Kahlua and shake for
10 seconds for optimal frothiness!

Strain into Martini Glass (TIP- shake/irritate the shaker as you
pour to aid the froth)

Garnish with 3 coffee beans
